Matt,

I am in receipt of this request and have every intention of complying; however, there is a question as to whether the requested record qualifies as a public record under 44:3(A)(1), because it relates to an ongoing investigation. We are currently reviewing the record to determine what information, if any, may be released in accordance with legal requirements and the protection of the integrity of the investigation.

We will provide a further response as soon as possible and appreciate your patience while we complete this review.

Should you have any questions or concerns, or should you not consider this an adequate response to your request, please do not hesitate to contact me.

Sincerely,

City of New Iberia
