Dear Matt,

Pursuant to your PRR from May 15, 2025, attached are the agendas for all city council meetings for 2025, as well as the agendas for the Broussard's Planning and Zoning Commission Meetings.

The City does not have any additional documents responsive to this request, since the city does not have any "advisory committees" that are subject to the open meetings laws.

I am out of the office this week with my daughter on her senior trip but will be back in the office on Tuesday after the Memorial Day holiday.

Due to the number of attachments, please confirm receipt.

Thank you,

Joy Rabalais
