Thank you for your response. Do you remember who the representatives of the State were? I'm trying to find out who is involved in the project. Thanks.

Brad

Brad,

I wanted to notify you that our office was approached to support this project. Representatives of the State as well as local business leaders asked for our support and even provided me with a pre composed letter to redraft with our letter head indicating our support.

Hope this clears up any of your questions or concerns.

Carlos Stout

Subject: letter of support

Good morning Sir,

I am following-up with you regarding a letter of support from your office dated May 5, 2022. This letter was written on behalf of the Acadiana Area Human Services District in seeking funding for a substance abuse treatment center to be located in Lafayette. While I certainly appreciate your support in this effort, I wanted to reach out to you to let you know we did not solicit this letter from your office. In fact, I am not sure who asked for this letter or when they may have approached your office for this support. While I am not philosophically opposed to expanding treatment options for our community, I want you to know that this is not a project that AAHSD has been involved with thus far.

I am sure you are extremely busy but I just wanted you to know this is not something we initiated.

Please feel free to contact me if you have any questions or concerns about this project. Thank you for your time.

Brad
