Hi, Amy, it appears I've been dropped from the meeting notice list. Could you please add me back in?

Also, I received notice for several meetings in 2021, and the 2022 meeting schedule, but have not received agendas for same. If you could provide those, I'd like to get my DDA file caught up to date.

2021-09-27 Special Meeting  
2021-11-11 Regular Meeting  
2021-12-?? meeting (the November 19th 2021 email had an ICS attachment associated with January 14, 2021, but that can't be right)  
2022-01-13 Regular Meeting  
2022-02-10 Regular Meeting

I have the agenda for the special meeting of October 25, which fell in the middle of the range. However, if there are any other special meetings that occurred in between, please provide the agendas and meeting packets.

Oh, and don't forget to add me back into the meeting notice email list.

On, and don't forget to add me back into the meeting notice email list.

All the best,

**Michael Lunsford**
