

On March 17, 2026, Officer Tyra Dorsey (YPD) abandoned her post as an SRO at ARCA. She did not have permission to leave and was not replaced by another SRO. This means that the students and teachers were left unprotected!

Just imagine if the parents were aware of this!

The YPD did not notify the school of this serious issue.

Several supervisors at the Youngsville PD are aware of this incident and are trying to hide this from getting out to the public and school.
