- Parents, if you take your kids to a spectacle like this, you should probably reconsider your fitness
- Should reconsider parenting
- No
such thing as a family friendly drag show . Nope , doesn't exist , period .
- He
still has his clothes on, why is anybody giving him money?
- It
should be of concern that there seems to be no shortage on these videos.
- You
know times are tough when you depend on getting money from children just to survive.
- At
the very least, this one does have clothes on..
- I'm
ashamed I thought the same thing.

- What??
My state did this?
- America
will lose WW3 but we're the real winners for using the correct pronouns
- My
view too is that drag performance is both inherently sexualized and also intrinsically objectifying of women - neither is appropriate for kids. The transgressive nature of drag, especially in contemporary Queer Theory culture, is *because* of its mockery of sex & sexuality.
- One
of many reasons I'm damn glad I moved from Louisiana to Florida.
- Why
do they always had them cash
- I
don't understand why government entities feel like they need to sponsor this stuff. The fact that they do tells me there's lots of budget to be cut. And I really don't understand why parents take their kids to it.
- I'm
starting to think its safe to judge people by their haircuts. I'm noticing a pattern smh.
- Try
not to imagine the private parties
- So
what!
- Our
minds are genuinely unraveling from reality.

- WTF
is wrong with this world
- The
kids already got neon hair. It's a lost cause. Zzz
- Health?
The STATE health department?
- Thank
you
[@libsoftiktok](#)
for
bringing all of this to light. Most of us would have had no idea what
was going on.
- No.
Just no.
- I
need a blue haired they/them/it to explain the reasoning behind this
without sounding like a groomer. Thanks.
- 🤪
show
- Seems
"healthy".
- Should
be handing her GARLIC BREAD
- The
earlier children can be dragged to pride, the less chance they will
grow up to believe in a cisheteronormative binary. The best case
scenario is to drag your fetus to pride.
- I
heard that if the mother listens to RuPaul while pregnant, it increases
the babies chance of being born drag by 30%

- Inspire
the kids to grow up and be strippers and once The Real World sets in maybe they'll say "fuck it, I'm going to nursing school"?
- Really
nice...wtf
- If
I saw that I'd immediately call the police.
- The
only people making this shit family friendly are the parents. The buck stops there for me.
- Um

[@SenJohnKennedy](#)

what

the heck is going on in Louisiana? 🙄

- Apoplectic....is
that the word?
- [#circusclowns](#)
- So
what?
- At
the minimum, they could have found one able to maintain a healthy body weight.
- The
pendulum swing from overplaying the LGBT card is going to be severe.
- Americans
are coming to terms with how deep the moral rot is in society. This thing is popular because degenerate parents are bringing their kids to these degenerate shows. Simple as. God help us.

- I agree it's not really the drags fault it's the people taking their kids. Also if people want to be whatever great, just don't force feed it to others
- Government, corporations, media, and academia suddenly acting together in concert to aggressively promote this while demonizing anyone who opposes it
- Who the hell takes money from a kid?
- It's called a 'tip' for their performance
- Louisiana even now??? Is no place safe
- So you should never let kids tip musicians either, or waiters, or anyone
- Sick
- There's nothing healthy about this
- This is just more proof that not everyone should procreate.
- Gross.
- You know it's common to give money to street performers too, and we don't find that weird
- The new sodom and Gomorrah

- [@SenJohnKennedy](#)
were
you aware of this?
- Did
you notice it's almost only men walking around naked.
- [@SenJohnKennedy](#)
dis
your state?
- WTF?
- I
guess the only reason this is still going on is that they just can't help themselves.
- nobody
has ever been molested at a drag show. do you really want me to continue
- What
underlies this is a profound stupidity
- Can't
say the Pledge of Allegiance but we can't support drag shows! When some attacks this country it's going to be hard to get saved
- I
guess I'm missing something. Why is there always money given to them? Am I missing the whole point? I just don't get it.
- They
ought to be handing him some business cards with therapist names on them.
- Why
do they pay them? They shouldn't be accepting money if its a

"community service".

-

[@JohnBelEdwards](#)

Is

this what my tax dollars go to? This is absolutely unacceptable.

- Oh
good now they know they can play dress up when they are older so people can give them money. Great parenting. And great career day.
- And
this is reason 1001 why no one trusts their state health dept
- The
thought process of the people that would take their kids to something like this???
- I
think this is a way of the government to control the population growth. I can't find any other explanation.
- I've
said this for years: Paedophilia is not as fringe as we want to believe it is. There are many people out there, including parents, who have wrong ideas about children and sex.
- Why
can this people just die
- If
u zoom in there is something with a tattoo where the handle bar to the walker is.. wtf is that???
- 🤔🤔

[@LADeptHealth](#)

just

deleted their tweet after this!

- They're probably paying it to get its effing arse to just leave them alone. Clowns. Literally.
- Pride month has been the most disgusting 30 days I've witnessed since the 50s. There's really nothing else to compare it to. I just cant believe society has degraded to Sodom and Gomorrah. Sick, sick, sick.
- Now there is nothing stopping them but Islam
- This scourge has spread to every region seemingly overnight.
- hey should be handing money to veterans.
- Are they teaching kids to pay for sex? Or that they can prostitute themselves and make a dollar? Which difference with Epstein? Oh, I know, with him parents were not present. WTF.
- Why give them money like their strippers?! What does that teach your kids??
- Y'all are so attention seeking and it's sad
- Nothing like ur daily dose of mental illness to maintain the "health" of ur kids!
- Can you say lawsuit
- Been a long month. This display of evil is sickening.

- Satan
doing work
- I
don't understand how this garbage is allowed and how people are
fine exposing children to this garbage!!
- Where's
the dildo stand?'
- Stop
already!!
- "Department
of HELLTH"
- Shame

[@LaGov](#)

- Shame
on these poor excuses for parents
- Is
this ok @GovernorLouisiana?
- What's
not family friendly about this? It's literally dress up.
- Not
a f'ing mask on in the whole damn place!
- Schools:
Here is a reading list that has multiple books, including one about Trans-
life. Conservative parents: You can't tell me how to raise my kids.
Community: Sponsors an inclusive show with drag queens. Conservative
Parents: I am going to tell you how to raise
your kids.

- Ew
- Is this soliciting a minor?
- I love taking my families to drag shows. My six year old son loves the colour and energy the Drag Queens bring! We even stopped on the way home to buy him makeup, he was inspired!
HAPPY PRIDE MONTH 
- Looking for a wood-chipper?
- Pedophilia
- Why? Why? Grooming I guess.
- [@SaintRPh](#)
-
it's time to call in the Cajun Navy.
- Nudity:

Men dressed as women: 
Men dressed in bright colors: 

: 
Grab women by the p*ssy: That's mah President and he's totally Jesus.
- I fail to understand the sudden obsession with kids being exposed to drag shows
- Drag shows of any sort are not fucking family friendly and you cannot tell me otherwise

- There's a God damn walker. Grandpa is horny!
- Honest question - why are drag queens currently the most prominent group of people visiting children at schools, libraries, etc? Name any other profession that has such a vested interest in getting in front of children. I'll wait...
- There's nothing sexual going on. Relax and smoke a blunt
- I see no issue here, seems like everyone had a fun family-friendly time.
- Just come out already...Its 2022, nobody cares...
- DEGENERATES
G R O O M E R S
- They should call CPS
- Remember when drag queens looked like women... not whatever that is supposed to be
- What's up with all the cash they're throwing, drag is supposed to be a talent not just stripping lol.
- HOW IS THIS RELATED TO PUBLIC HEALTH
- These people have really low standards for their strippers
- With

is making so many people insane. Seriously this is not normal behavior at all. Its right out in the open , in classrooms, in libraries and if they can't come to the children then the children can come to them at businesses that are for 21 and up.

- Louisiana
Department of Perversion.
- Running
out of material, huh.
- These
events aren't really for the kids, they are for woke leftists to drag their kids to just so they can show other woke leftist parents how woke they are. They couldn't care less about the damage they are doing to the kids. Called a "transphobe" in 5...4...3...2...1
- The
parents who take their kids to these shows should be spanked until they need to be hospitalized.
- Truth
be told, kids see a whole lot worse growing up in Louisiana.
- I
think areas that don't do things like this are gonna see in influx of like minded individuals. You already see people fleeing blue states for red.
- Looks
like Hempfield school district. Where the teacher encouraged students to tip the drag queens.
- So
the Streep dance for adult that in most cities are in Adult Clubs under city laws and codes ... now are promoted openly for families and kids. Government and officials working for taxpayers can't be allowed to acts as promoters of this acts.
[#StopPerversion](#)
- Kids

are helpless.

- This is the same state that won't decriminalize weed cause it makes the local sheriff's a ton of money arresting minorities
- I struggle with why people think drag is trans. It's no. Drag is performance art not sexual these people are not proving they are tolerant just stupid.
- People are being misled. Evil is being normalized. We need to spread the word that all of us need to keep our future, our children away from this garbage.
- And? They work for tips.
- Isn't that just darling. That's the same behavior as a strip club. Gotta groom those kids.
- hope the CPS division thanks this wonderful organization for rounding up so many pedophiles. Slam dunk, thank you.
- Modern day clowns 🤡.
- Instead of teaching kids to hand out cash to homeless or poor people, teach them to do it to sexualized cross dressing clowns 🤡👗
- Groomers
- Louisiana??? Must be the liberals city of slime, NOLA... There is nothing 'family friendly' about drag shows.

- I thought the people in my state of , Louisiana had better morals then this but I guess the sickness is spreading. 🤔
- I am the people of your state, don't worry alot of us still have sense not to expose our children to sexuality, gay or otherwise. I'm sorry, but is that child waving a dollar at that drag queen? For mf WHAT, exactly?
- Objectification of women and appropriation of gender.
- Get away from our children or were coming after your rights
- Who the fck is taking their child to this?
- The groomers in the comments proudly flying their pedophile flags, that's who. (Look above)
- ransvestite strippers are by definition not "family-friendly."
- America has become a land of degeneracy and delusion
- s there still a education department, not in West Hollywood????
- When are our feckless lawmakers going to do ANYTHING at all to protect our kids?
- Are the kids getting their first lessons on how to wrap a dollar to laced underwear?

- This is disgusting to promote in front of children but at least this one has clothes on!
- Evil and sick.
- Groomers everywhere!!
- The gay agenda is literally what China and Russia want to happen in the USA.
- Degenerates raising a fresh generation of degenerates
- Is it possible to support gay people without turning it into a circus?
- Firing squad?
- Nothing the see here. Just a Drag Show financed by Jewish LGBT Institutions owners that get funded by Taxes.
- Man there was a time we had to pay bigger bucks to go into a smokey dark nightclub to enjoy a good drag show.
- Stop calling them Drag Queens!!! Call them exactly what they are, Transvestite Strippers.
- God only knows how many child sex predators are there in attendance.
- Groomers. Nothing more

- What
the fuck is wrong with you Louisiana?????
- How
many people do you think are in that room? Probably only the families of the coordinators.
- So
Louisiana had kids pay for Trans like little johns paying hookers
- Okay
this pride stuff seems it's starting to take it to the next level, children included. Creepy imo
- It
takes a sick-headed individual to see a drag show performance and think, "I need to get kids involved with this."
- Come
on Louisiana, that is being forced. The state full of rednecks and Cajuns please
- Why
are these parents not charged with child abuse
- the
two worst societal trends in our country, tipping and kids & drag
- gays:
do nothing wrong conservatives: DAM LIBTARD GAYS RUININ OUR CHILDREN AGRHEBSNR!!!!!!
- Kids
should be saving their money instead of giving it to pedophiles in women's clothes. Guess they're following the governments lead on this one.
- Come
on now. She looks like a clown and nothing more. You are obsessed and jealous because she's prettier than you are.

- “Drag Show” and “Family Friendly” go together like “Pedophile” and “Babysitter”. They should never be in the same sentence.
- The parents should be ID'd and prosecuted for child endangerment.
- Lmao
this is literally family friendly. The drag queen is fully clothed and not doing anything sexual. Just be honest and say you don't think queer people should be around kids at all.
- Isn't Louisiana a Republican state? How is this shit happening outside of the satanic and demonic blue states? Just goes to show you how deep this cultural rot goes.
